

# MERIDIAN'S DSP9 TRIUMPHS AT LONDON DESIGN AWARDS 2023

September 2023

PRESS RELEASE

## MERIDIAN'S DSP9 TRIUMPHS AT LONDON DESIGN AWARDS 2023

At the London Design Awards 2023, Meridian walked away as a Platinum Winner of the Product Design - Audio & Video Devices category for its DSP9 Loudspeaker, a masterpiece of product design and audio engineering, technology and performance.

A representation of the past and future, the London Design Awards is an international competition that recognises exceptional designs and outstanding creative projects worldwide. The Product Design Award in the Audio & Video Devices category honours exceptional design achievements in the field of audio and video equipment. This category acknowledges products that not only deliver superior audio and video performance but also excel in terms of aesthetics, user experience, and innovation in design.

Marking a new chapter for Meridian in design, the DSP9 Loudspeaker features an iconic cabinet aesthetic that showcases a new design signature for the company, and produces outstanding audio fidelity, dynamics and power for cinemas and listening rooms. Meridian's goal is for its products to be as beautiful to look at as they are easy to use and amazing to listen to. A design where you can see no effort - elegant, simple and powerful - where the technical complexities do not need to be seen to be enjoyed. With the DSP9, Meridian achieves the perfect synthesis of function and form through its holistic system approach.

To experience the Meridian DSP9, book a visit to the Meridian HQ to meet the team and see this award-winning product for yourself.

## ABOUT MERIDIAN AUDIO

Meridian, the award-winning British technology audio pioneer and innovator, has been creating innovative audio technologies and elegant, high performance audio products since 1977.

Meridian's ambition is to enable people to listen, enjoy and fall in love with their music and movies wherever they are, and its renowned sound philosophy can be applied in all listening environments.

From the flagship DSP loudspeakers with integrated amplification, to discreet and powerful in-wall loudspeakers, Meridian engineers design easy to install, high resolution audio systems for astonishing residences and super yachts. Meridian's products are sold by custom integrators and audio specialists in more than 80 countries worldwide.

Many of the world's most ambitious brands trust Meridian to support their audio system design. Customers include British Airways, Human Horizons, LG Electronics, Jaguar Land Rover and Kia. These partnerships enable millions of consumers around the world to experience Meridian sound throughout their homes, and in automotive, marine and airline settings.
